ScarletU: The Official UI Skin of

‹ Scarlet underground ›

Installation Instructions:

1. Extract the files to a folder on your desktop.
2. Regardless of where you install the game itself, the **required** install path for custom interfaces is:

   C:\Documents and Settings\username\My Documents\The Lord of the Rings Online, so:

3. Copy the files from the folder on your desktop into the folder.
4. Your final path should look like:

   C:\Documents and Settings\username\My Documents\The Lord of the Rings Online\ui\skins\ScarletU\<files>

5. Log into the game.
6. Open the "Options" menu on the in-game Main Menu.
7. Open the "UI Settings" menu.
8. Scroll all the way to "Misc" at the bottom, then using the "Current User Skin" drop down, pick which Interface you want to enable.
9. Enjoy your new Interface.

Credits Due to:

TROTTIMUS *for the "Elaboration" skin artwork*
